

MALIBU PARK ROYAL CREATION

“Floss”

(story written 9th March 2010)

Sire: Keston Royal Occasion (Imp-Dec)

Dam: Malibu Park Pirouette.

DOB 14/11/1991

**Registered, APSB, WPCS, ASPA, ASSPS, AHSA (Arabian Pony)
APHA, EFA**

We first saw Malibu Park Royal Creation at Lee Sinclair’s of Malibu Stud. We were at our brothers in Sea Ford at the time. We saw an add in horse scene for a palomino. When we rang it didn’t say in the add if it was a colt or a filly. Lee said it is a colt but we were not after a colt, she told us to come anyway. We had a great afternoon looking around the farm and Lee gave us direction and taught us on the day that you have to be very critical of your own stock before you can be critical of anyone else’s. We have kept this close to our hearts and use it frequently in our philosophy of our stud. When we were walking around the farm when we saw a little palomino filly on her dam. It was her full brother that was for sale. When we asked about her she was already sold to David Ross. Out of them all that we saw, she was the one we

wanted. Lee said she would tell David and if he wanted to sell her she would let him know, which she did and we were forever grateful. We got a phone call from David one January (when a yearling) and he said he had picked her up but would be happy to sell her for the price he paid for her plus the travel cost to get her home. We jumped at the chance and said we would buy her. We sent the deposit down and picked her up in March as we did the Arab classic at the show grounds and only had one horse on board.

We were so excited with our purchase. We had her stabled and later that year she caught her head in a gate. We thought she had damaged an eye and would have to have it removed. Our local vet said wait and see. Helen had to take a thoroughbred to GVEH (Goulburn Valley Equine Hospital) at Shepparton, so Floss was put on the float. The thoroughbred came home and Floss stayed for further Xrays. If it was shattered her show career was over before it began, but it was broken in three bits, so surgery began, We have never looked back.

Floss started her show career. As a two year old she would constantly play on the end of the lead especially when running back to the judge. (Mind you our ponies then use to be on a thoroughbred feed, just less-now days our feeding regime has changed dramatically).

When turned out for a spell as a two year old turning three she came back in and knew it all. Then she started under saddle. She won numerous supreme's for led and ridden. She also won Hi point awards.

Some Highlights listed below

- Grand Champion led palomino at the National Palomino show
- 3 Supreme's at the National Buckskin championships
- Champion Melbourne Royal Horse show
- Hi point APSB
- Hi Point ASPA
- Multiple Hi Point palomino Horse of the year winner.

Floss retired and has been an exceptional broodmare for the stud.

Her foals to date are:

- Uhavta Royal Antique (AI)-DEC by Pendley Gold Cup-Supreme champion buckskin at Adelaide Royal , champion ridden newcomer small pony-Barastoc.
- Uhavta Royal Enchantment by Salient Zechin- Palomino horse of the year for 2008-2009. Multi champion led and ridden palomino.

- **Uhavta Royal Fairytale by Salient Zechin-Hi point 2+3 year old palomino for 2008-2009.**
- **Uhavta Royal Deviant by Uhavta Ealre Of arrogance (AI-UK)-finalist newcomer hunter barastoc.**
- **Uhavta Royal Hotpants by Uhavta Diamonds N Dreams (AI-UK)**
- **Uhavta Royal Juliette By Uhavta Cournty Charm.- Buckskin filly about to commence showing.**

Floss even returned to the show ring to teach a young child how to lead and stand a pony up in the ring. She even gets used occasionally at home. Once when our niece was starting to learn to ride, but Floss hadn't lost that spark and was a little to smart for a child rider.

Floss will continue to breed for Uhavta Stud.

We even thought about bring her in for a broodmare class this year as she looks a treat.

We are very delighted to win our second palomino Life time achievement. Our first was with Uhavta Northern Expression. Our only other palomino that we have owned and shown was Pendower Peaches who is a broodmare for Andlyn Stud at Horsham and is breeding some lovely palomino's.

Floss's children continue to fly the flag and we know that Uhavta Royal Enchantment is well underway in going for the Life time achievers award.

Who knows Floss may breed us another palomino child and the road for the Life Time Achievement award continues again.

We have been very grateful to have been members of the APHA as we have made fiends within this association that have been for life.
